

## Biological Fertilizer - *Lactobacillus Plantarum*

### SPECIFICATION

<b>Cat.No.</b>	PGPR-0016BF
<b>Product Name</b>	Biological Fertilizer - <i>Lactobacillus Plantarum</i>
<b>Product Format</b>	Powder
<b>Type</b>	Biological Fertilizer
<b>Function</b>	Decompose lignin and cellulose which are not easily decomposed under normal conditions, and ferment and decompose organic matter. Inhibit the disease-causing proliferation of continuous.
<b>Effective Microbes</b>	$\geq 10^{10}$ CFU/g $\geq 10^{11}$ CFU/g
<b>Solubility</b>	Water Soluble
<b>Appearance</b>	Light Yellow Powder
<b>Storage Temperature</b>	Room temperature
<b>Shipping temperature</b>	Room temperature
