

Self-contained Biological Indicator, *Geobacillus stearothermophilus*, 1h

SPECIFICATION

Cat.No.	SI-0009
Product Name	Self-contained Biological Indicator, <i>Geobacillus stearothermophilus</i> , 1h
Product Description	Rapid fluorescence system. Self-contained biological indicator for gravity air-displacement steam sterilization processes, with a cycle temperature of 132°C (270°F).
Specifications	50 units
Applications	Gravity air-displacement steam sterilization
Readout	1 hours
Organism	<i>Geobacillus stearothermophilus</i> (ATCC 7953)
Population	10 ⁶
