

## Recombinant *Staphylococcus aureus* subsp. *aureus* NCTC 8325 SAOUHSC\_00329 protein, His-tagged

### SPECIFICATION

|                         |                                                                                                                                            |
|-------------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Cat.No.</b>          | SAOUHSC-00329-3795S                                                                                                                        |
| <b>Species</b>          | <i>Staphylococcus aureus</i>                                                                                                               |
| <b>Product Name</b>     | Recombinant <i>Staphylococcus aureus</i> subsp. <i>aureus</i> NCTC 8325 SAOUHSC_00329 protein, His-tagged                                  |
| <b>Product Overview</b> | Recombinant <i>Staphylococcus aureus</i> subsp. <i>aureus</i> NCTC 8325 SAOUHSC_00329 full length or partial length protein was expressed. |
| <b>Source</b>           | <i>E. coli</i> or Yeast                                                                                                                    |
| <b>Tag</b>              | His                                                                                                                                        |
| <b>Form</b>             | Liquid or lyophilized powder                                                                                                               |
| <b>Endotoxin</b>        | < 1.0 EU per µg of the protein as determined by the LAL method.                                                                            |
| <b>Purity</b>           | > 80% by SDS-PAGE                                                                                                                          |
| <b>Notes</b>            | This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.           |
| <b>Storage</b>          | Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.                                                        |
| <b>Storage Buffer</b>   | PBS buffer                                                                                                                                 |
| <b>Gene Name</b>        | SAOUHSC_00329 mttA/Hcf106 family protein-like protein [ <i>Staphylococcus aureus</i> subsp. <i>aureus</i> NCTC 8325 ]                      |
| <b>Official Symbol</b>  | SAOUHSC_00329                                                                                                                              |
| <b>Synonyms</b>         | SAOUHSC_00329; mttA/Hcf106 family protein-like protein                                                                                     |
| <b>Gene ID</b>          | 3919594                                                                                                                                    |
| <b>UniProt ID</b>       | Q2G127                                                                                                                                     |
